

# 4 CORNERS MATH TEACHERS' CIRCLE

You're invited an evening of Math Teachers' Circle. Join us for dinner first, courtesy of the Circle. This will Fuel our Foray into Fun mathematics and give us a chance to get to know each other and discover what has brought us here.

## Wednesday - October 24, 2018

5-8 PM @ Navajo Preparatory School

### *Fractals with Adding Machine Paper (and yes, they still make it!)*

Hosted by **James Taylor**, Math Circles Collaborative of New Mexico and Math Teachers' Circle of Santa Fe and **Donna Fernandez**, Alliance of Indigenous Math Circles and Navajo Preparatory School

Stimulating math circle sessions where the level of mathematics will be accessible to elementary school students but can be adapted to wide range of ages and abilities. This does not mean that the puzzles will not be difficult! And be sure that you will carry away lots of ideas for your own classrooms.

*If you or your colleagues would like to attend, please have them contact Donna Fernandez*  
[dfernandez@navajoprep.com](mailto:dfernandez@navajoprep.com) or 505-326-6571 x130
