- Vanessa Job, of Los Alamos National Labs

**For Native American teachers and teachers in tribal schools, grades 5-8**

Alliance of Indigenous Math Circles offers a **free** residential summer workshop for math teachers in the 4-Corners states. Spend a 4 days immersed in fun mathematical problem solving, share classroom experience, and make connections with many teachers and mathematicians!

All events will take place at the Institute of American Indian Arts at 83 Avan Nu Po, Santa Fe, NM. The program will run from July 15-18, 2019, from 8:00am-9:00pm.

Apply before June 15 for first consideration. Spots limited.
